

Brisbane Transplant Infectious Diseases Meeting

8am–5pm AEST, Thursday 8 May 2025

Auditorium, Queensland Children's Hospital, 501 Stanley Street, South Brisbane

Welcome to the 3rd Annual Brisbane Transplant Infectious Diseases Meeting (BTID). Today we bring together local clinicians, scientists, and other healthcare professionals working in the field of infectious diseases, immunology, and transplant medicine to present on their active research or clinical interests. The meeting will highlight

clinical challenges related to infectious diseases in transplant patients and provide a platform for cutting-edge translational research and improved patient care to successful research and clinical collaborations between healthcare specialty groups and basic science researchers.

Brisbane Transplant Infectious Diseases Meeting 2025
