

	Topic	Speaker
0830-0900	Registration	
0900-0910	Welcome M Nicolas Best - Nîmes University Hospital Director CRE REDUCE presentation – Prof Jason Roberts (Australia)	
Moderation: Prof D Payen (France); Prof J Roberts (Australia); Prof JP Lavigne (France)		
0910-0930	Emerging antibiotic resistance in Europe	Prof Jean Philippe Lavigne (France)
0930-0950	Principles of Antimicrobial Stewardship and value to healthcare system	Prof José-Artur Paiva (Spain)
0950-1010	Bacterial genomics, clone attack and antibiotic resistance	Dr Diene Seydina (France)
1010-1030	Combination therapy for severe infections	Prof Matthieu Legrand (France)
1030-1100	Morning tea	
Moderation: Prof M Leone (France), Prof M Legrand (France), Prof M Neely (USA)		
1100-1120	Risks of antibiotics in critical care – toxicities and collateral damage	Dr Claire Roger (France)
1120-1140	Critically Ill patients at risk of suboptimal antibiotic concentrations	Prof Jason Roberts (Australia)
1140-1210	Dosing software to optimise antibiotic dosing	Prof Michael Neely (USA)
1210-1240	Antimicrobial de-escalation: effects on outcome, costs and resistance	Prof Marc Leone (France)
1240-1345	Lunch	
Moderation: Prof M Bassetti (Italy), Prof J Rello (Spain), Prof B Jung (France)		
13:45-1415	New antibiotics in the armamentarium for resistant bacteria	Prof Matteo Bassetti (Italy)
1415-1445	Is there a place for nebulisation of antibiotics in critical care?	Prof Jordi Rello (Spain)
1445-1515	Optimising antimicrobial therapy in patients with ECMO	Dr Adrien Bougle (France)
1515-1545	Afternoon tea	
1545-1630	My top 10 trials ID and AMS in last 5 years	Dr Fredrik Sjövall (Sweden)
1630-1715	Panel Discussion – Research Gaps – Current trials in AMS? (Rolain, Neely, Rello, Paiva, Leone)	Chaired by Prof Jason ROBERTS & Dr Claire ROGER
1715-1730	Close	
		Jason Roberts
